MUKESH PATEL SCHOOL OF TECHNOLOGY MANAGEMENT & ENGINEERING

Student: MAHEK YOGESHKUMAR TRIVEDI
BTech Computer Engineering (2023-27)
Date of Birth: 30-09-2005

Education

MPSTME, NMIMS University **2023 – 2027**
B. Tech in Computer Engineering
CGPA: 3.70/4

Vallabh Ashram's MGM Amin & V N Savani School **2021 - 2023**
HSC (CBSE): 83.2 %

Vallabh Ashram's MGM Amin & V N Savani School **2021**
SSC (CBSE): 92.2 %

Projects

MediPathAI – 2026
Developed a full-stack healthcare navigation platform for symptom-based condition mapping, hospital search, cost estimation, and personalized recommendations. Implemented fuzzy symptom matching, API-based hospital search, distance calculation, filtering, confidence scoring, and Firebase authentication.

Smart Soil Intelligence System – 2026
Built a Python ML application for soil health classification, crop yield prediction, and fertilizer recommendation using Random Forest and Gradient Boosting models. Developed data preprocessing and ML prediction pipelines to process soil and agricultural data and generate recommendations.

PDF Translator- 2025
Developed a Python Flask application for multilingual PDF translation using Google Translate API, with PDF-to-DOCX/DOCX-to-PDF conversion and document structure preservation across 40+ languages. Implemented file validation, secure filename handling and UUID-based session isolation.

Internships

Atul Ltd – 1 month
Completed a one-month remote internship at Atul Ltd. Worked on the PDF Translator solution, contributing to document-processing workflows and application functionality for automated multilingual translation. Gained hands-on experience with Flask-based web development, API integration, file processing and error handling.

Certifications & Publications

- NPTEL Certification in Software Engineering from IIT Kharagpur.
- Certificate of Participation – TenzorX 2026 National AI Hackathon, Poonawalla Fincorp.
- Secured 2nd Rank in Computer Engineering Branch during 3rd year for academic excellence.
- Certificate of Participation in Yugantar Hackathon.

Core Skills

Technical Skills

- Programming Languages: Python
- Database: SQL, MySQL
- Data Analytics: Microsoft Excel, Data Analysis, Data Visualization
- AI/ML: Machine Learning
- Cloud: Cloud Computing Fundamentals
- Core Concepts: Database Management System, Data Structures & Algorithms, Object-Oriented Programming, Operating Systems

Soft Skills

- Analytical Problem-Solving and Critical Thinking
- Attention to Detail
- Clear Verbal Communication Skills
- Teamwork and Collaboration
- Adaptability and Willingness to Learn

Achievements and Positions of Responsibility

- Head of Dance Dukes club of college.
- Awarded in Group Dance competition during 1st and 2nd year at Protsahan college cultural fest.
- Completed 3 weeks of community service at a Blood Bank, contributing to social welfare initiatives.
